The Honorable John R. McBride  
The Honorable F. Keith Shepard  
The Honorable Patricia A. Mummey  
Office of County Commissioners  
of Spokane County, Washington  
Courthouse  
Spokane, Washington 99260-0100

Dear Mr. McBride, Mr. Shepard, and Ms. Mummey:

Thank you for your letter of March 17, 1987 which indicates Spokane County's willingness to assume responsibility for the hazardous substance response activities at the Greenacres Landfill.

Mr. John R. Spencer of SRH Associates, Inc. has contacted me in regard to this project, and I have sent him our work plan for the remedial investigation. In addition, I would like to provide you and your project team with an initial draft of the consent order prior to the onset of formal negotiations.

Mr. Neil E. Thompson, my counterpart in the United States Environmental Protection Agency, and I have discussed this project and believe that it would be in the best interest of Spokane County to designate a Greenacres Landfill project manager as soon as possible. Your project manager would be the person responsible for overseeing the progress of this project on a day-to-day basis, and would also serve as Spokane County's focal point for this project.

We appreciate your timely response and willingness to cooperate. We shall forward a draft of the consent order to you as soon as is practicable.

Sincerely,

William E. Wright  
Project Manager  
Hazardous Waste Cleanup Program
